

1080 Coordinated Baiting 2024

Are wild dogs or feral pigs impacting your property/business?

1080 baiting may be an option for management of these declared pests.

Please apply to council by Monday 1 April 2024 on 1300 307 800.

Participants are required to:

- Understand 1080 baiting obligations – ask for a 1080 Baiting Information Pack.
- Notify all adjoining and adjacent neighbors at least 72 hours prior to baiting day. Allow two weeks if you intend on sending notifications via the post.
- Supply meat baits (ideal weight is 200g for wild dogs/foxes. Feral pig baits must be 500g).
- Attend a Bait Station (listed below) to have baits injected with 1080.
- On the day, you will sign the Deed Poll and collect signage and lay the 1080 baits. Fresh 1080 meat baits CANNOT be stored.
